Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.What would a kindergartner write about me? Probably something like: Mr. Halpern is funny. He is handsome. He likes to laugh. I love Mr. Halpern. How can I top that? Who doesn t want to be funny, handsome, laugh all the time, and be loved by their students? What they don t know is I left a dreary cubicle job for the exciting, never boring life of a kindergarten teacher eight years ago and never looked back. I have seen and heard some crazy, hilarious, and even touching moments. Look at My Happy Rainbow is my account of the first few years working in a kindergarten classroom experiencing the day to day trials and tribulations and trying to see the world a little more through the eyes of a five-year-old. From the first time a child reached up to take my hand to learning the true value of zipping a coat, being a rooster in a world of hens my unique perspective on teaching and children will (hopefully) warm your heart, make you laugh, and might even help you remember what it felt like to be in kindergarten. Warning: I have a very short attention span (this is why I m so well suited to teach kindergarten). Some of the chapters are short. One is less than one page. I think this makes the book charming , but please know - this is not War and Peace. Warning Part Two: Some of these stories did come from my blog. I d say (using my kindergarten math skills) about 60 is from the blog and 40 is new material. If you haven t read my blog...
