Nursing: Communication Skills in Practice

By Lucy Webb

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Nursing: Communication Skills in Practice, Lucy Webb, The journey to becoming a nurse requires students to demonstrate effective communication skills with patients, carers and other healthcare professionals, based on sound evidence and apply these in a variety of care settings. Nursing: Communication Skills in Practice has been specifically developed as a one stop shop of healthcare communication theory and practical skills for all aspects of the pre-registration course - in both the classroom and on clinical placement. The authors introduce essential communication and interpersonal theories before explaining how these can be applied therapeutically with patients and carers, professionally with colleagues and on health records, as well as how to overcome common challenges in practice. Practice examples, scenarios, and videos apply skills to a huge range of clinical settings and client groups so readers can easily see how to adapt their approach for different fields of practice and individual patient needs whilst basing decisions on a clear rationale. Useful for the entire course, the content reflects the NMC domain for communication and interpersonal skills and also addresses the student's experience of placement learning, presentations, assignments and personal development. Written in an easy...
