Reviews

Simply no words to explain. It really is basic but shocks from the fifty percent of the ebook. I am just happy to explain how this is the finest pdf we have read within my personal life and could be the best ebook for possibly.

Research Foundation of AIMR & Blackwell Publishers, 1991. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Blackwell Publishers is proud to announce that we are distributing a prestigious list of publications in partnership with the Research Foundation of the Association for Investment Management and Research. The Research Foundation of the Association for Investment Management and Research has sponsored practitioner-oriented research for more than 25 years. The Foundation identifies, funds, and publishes tutorials, continuing education, and research consistent with the aim and mission of AIMR. These self-teaching training tools are geared to investment practitioners and investors, and will also have relevance to students and educators in finance. AIMR is an international, non-profit organization of over 40,000 investment practitioners and educators in more than 70 countries. It serves its members and the financial industry as a global leader in educating and certifying investment professionals and maintaining high standards of professional conduct throughout the investment community. AIMR offers the examinations leading to the prestigious Chartered Financial Analyst "TM" (CFA "RM") designation. Blackwell Publishers, like the Research Foundation, is committed to providing the professional and academic finance and investment community with the very highest caliber of research and educational materials. Not only are the books in our finance series written by the leaders in the world of finance in investments, we are also, in partnership with the American Financial Association, co-publishers of The Journal of Finance. One of the many advantages managed futures offer is that their returns have low correlations with the returns of other traditional asset classes, even though they can entail significant costs. This volume provides an overview of the industry, discusses the advantages and disadvantages of managed futures, reviews their historical performance record, presents a method for evaluating their performance in a portfolio, and lays out how to...
