Dysphagia Assessment and Treatment Planning: A Team Approach (Mixed media product)

By -

Plural Publishing Inc, United States, 2013. Mixed media product. Book Condition: New. 3rd Revised edition. 259 x 183 mm. Language: English . Brand New Book. This textbook, now in its third edition, is ideal for graduate dysphagia courses in speech-language pathology programs. The unique value of this book is the multidisciplinary approach it presents. Too often, speech-language pathologists function clinically with insufficient interaction with, or understanding of, the roles of other professionals involved with their patients. This text incorporates information pertinent to the roles, tools, and views of a multidisciplinary dysphagia team, including physicians, speech pathologists, nurse specialists, and dietitians, that works together on a daily basis. For the third edition, the authors have added a companion workbook that includes practical exercises accompanying each chapter - for example, a step-by-step tutorial for making objective measures of timing and displacement from fluoroscopic swallow studies. The exercises are designed to clarify and expand on information presented in the text and should be of interest not only to students but to practicing clinicians hoping to add new skills to their repertoires. Previous chapters have also been thoroughly revised and updated, including new information on the following topics: Effects of head and neck cancer, chemotherapy,...
