Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is dedicated to the billions of ignorant American taxpayers. Without them this tale of a Pacific island college could have never been dreamt up. This book contains several webpage links, all functioning at press time, and is best read near Internet .the College of Make-Believe (COM-B) grants less than three degrees for every 100 enrollees . COM-B is a make-believe educational institution from which greater than 90 of enrollees never graduate despite the lack of traditional rigors of academic challenge. Instructors are expected to, and do, bend over backwards to get enrollees to pass, all to no avail. Focus is on keeping enrollees in school and the Pell Grant money flowing. Academic integrity is a joke. . In essence Make-Believeians are being paid to enroll in classes at the College of Make-Believe. . shut down the whole campus or cause the enrollees to become students, either outcome would be correct. Either outcome would be better than its current deplorable state of affairs. Shut it down or clean it up, but stop scamming Americans out of their hard earned money. . instructors teach nothing; enrollees learn nothing; instructors receive paychecks every two weeks; enrollees receive Pell refunds every semester; and everybody is happy with the turd-free punchbowl. . The fecal matter must have had hit the fan back then, the splattering repercussions of which are still being felt more than a decade later. Ever since then instructors at College of Make-Believe have been bending over backwards to get enrollees to pass, keep them in school, and keep the Pell Grant money flowing. Academic integrity, of course, has been a joke ever since. . Yes she realized it...
