Reviews

*I actually began looking over this pdf. This can be for all those who statte there was not a worthy of reading through. I am easily can get a enjoyment of reading through a written publication.
(Rafael Feeney Jr.)*

STANDARD ALGEBRA (CLASSIC REPRINT) (PAPERBACK)**DOWNLOAD**

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Standard Algebra Scope. - This work has been written to meet the requirements of colleges and universities for general admission and of the course outlined by the Regents of the State of New York for both elementary and intermediate algebra. Every kind of question asked in recent examinations has been covered. Method. - The author adheres to the inductive method of presentation, but uses declarative statements and observations instead of questions. These are followed by illustrative problems and explanations which bring out the important points that should be emphasized, and the treatment is rounded out by abundant practice. Progress is from the known to the related unknown, and in this way is combined the students knowledge of arithmetic with the algebraic knowledge to be acquired. New ideas of number are introduced whenever the development of the science demands it. Exercises. - The number of exercises is extremely large, and the variety is great. The concrete work is well balanced with the abstract, so that both skill in algebraic processes and ability to solve problems are properly sustained. Problems. - The problems are more distinctly related to real life and business than those found in most algebras. Some of the traditional problems have been retained because they are often given in examinations; and besides, they are useful in developing a sort of intellectual power. But the work contains a large number of fresh and interesting problems drawn from commercial life, from physics and geometry, and from, various topics of modern interest. While the formulae of physics and of geometry are employed to familiarize the pupils with solutions for other letters than x, y, and z, no...
