From the moment children are born they are learning to become the adults who will manage the future. What kind of future might we adults be influencing through the way we talk and listen to children? This book is crammed with skills, methods, tools and insights obtained through decades of experience that will be immensely useful to anyone wishing to be an effective, caring, intelligent, influential and successful communicator. By implementing these in all our communications with youngsters we can avoid doing them emotional harm; be supportive of the development of their self-confidence and high self-esteem; and enhance their potential.
