AAPC - Autism Asperger Publishing Co., 2010. Softcover. Book Condition: New. Building upon the success of their bestselling Strategies at Hand: Quick and Handy Strategies for Working with Students on the Autism Spectrum, Mueller and Brewer reintroduce the much-valued concept of convenience to teachers, paraprofessionals and related professionals who work with students with autism spectrum disorders. For ease of use, the various sections of this handy reference are divided by colors and intensity of needs: Green -- Universal or primary behavior support for ALL students; Yellow -- Targeted classroom and group behavior support for some students who are at risk for behavior problems; Red (Pink) -- Intensive individualized behavior support for students with chronic challenging behaviors; Orange -- In-depth explanations of terms/strategies listed in one of the first three sections, and Blue -- Resources, including articles, books, movies, and online modules. It also provides a wide range of behavioral supports divided into Primary, Secondary and Tertiary Interventions, and can be easily used by moving from the universal to targeted and finally intensive level of support based on the student's need. In addition to practical suggestions for each level, Strategies at Hand provides a quick overview of how to conduct a functional behavioral assessment, collect data and much more. With this flip-book at their fingertips, teachers will never again have to search for effective behavior management strategies. Robin Brewer and Tracy Mueller have developed a practical tool that provides strategies, ideas and resources at the palm of your hand, broken down by color into the following categories: Learning Environments, Areas of Student Need, Transitions, Specific Strategies, and References and Resources. I recommend this clever resource to busy educators and others who work with students on the autism spectrum. -- Melissa L. Trautman, MSEd, special education teacher and co-author of The Hidden...
